BRAYN

Project Overview

The objectives of this project is to design a user-friendly, visually appealing website for an E-learning company. The website will highlight the company's key features, showcase its course offerings, and ensure seamless navigation with clear calls-to-action. The design aims to enhance the user experience, making it easy for users to explore and enroll in courses.

Branding Guideline

Colour Palette

Hero Section

The hero section features a clear headline and a call-to-action (CTA) button, designed to immediately capture the user's attention. The CTA encourages users to explore the courses offered by the company.

Key Feature

This section highlights the company's unique selling points, such as interactive learning, expert instructors, and certification. Icons and short descriptions are used for visual appeal.

Popular Course

A selection of the most popular courses is displayed with images, titles, and brief descriptions, providing users with quick access to course details.
